Summary

Web Developer with hands-on experience in building scalable and responsive web applications using React.js, Node.js, and Tailwind CSS. Proficient in developing reusable UI components, RESTful API integration, Agile-based teamwork. Eager to join a dynamic tech team where I can grow and contribute to real-world solutions.

Technologies

Languages: HTML, CSS, JavaScript, Node.js

Frameworks: React.js, Node.js, Tailwind CSS

Tools: Git, GitHub, Postman, MongoDB

Experience

Software Engineer, – Softye Technologies, (Erode) Oct 2024 – June 2025

- Gained hands-on experience in developing responsive and dynamic web applications using React.js, Node.js, HTML, CSS, and Tailwind CSS
- Built and maintained reusable UI components with a focus on component-based architecture and performance optimization.
- Worked with tools like Postman, GitHub, and Mongo DB for development and testing workflows.
- Documented features, created test cases, and actively participated in manual testing and bug tracking

Projects

E-Commerce Website github.com

- a responsive e-commerce platform with product listings, cart functionality, and user authentication
- Implemented dynamic product filtering, category-based browsing, and responsive UI using Tailwind CSS.

Movie Ticket Booking Website

- a movie ticket booking system with seat selection, movie schedules, and payment gateway integration
- Designed user-friendly UI using Tailwind CSS for real-time movie screening experience.
- Integrated backend with Node.js and MongoDB to handle bookings and user data securely.
- Enabled login/signup functionality and booking history dashboard for users.

Education

SSM College of Arts and Science, Periyar University June 2022– March 2024

- **B.Com (Computer Applications)** : GPA: 7.83

Certifications

CSC Full Stack Development Training Program– Specialized in Front-End Development 6-month course | Erode | April 2024- Sep 2024

Front-End Development COURSE – Udemy (Online)
